Message from the Founder

As the founder of Kartik Dev Supporting Foundation, I feel deeply honored and privileged to share our journey and the remarkable work that our organization has been doing over the years. Our foundation was born out of a simple yet powerful idea: to extend a helping hand to those who have been left behind by society—whether it's the elderly living on footpaths, orphaned children with no hope for the future, or the marginalized tribal communities who struggle for basic necessities. From our humble beginnings in 2013, we have had the privilege of making a positive impact on thousands of lives across Maharashtra and Odisha. Our journey has not been without its challenges, but with each hurdle, we have grown stronger, more resilient, and more determined to continue our mission of compassion.

When I first envisioned the Kartik Dev Supporting Foundation, I knew that we would be doing more than just providing food or shelter. We are here to offer a sense of dignity, a sense of belonging, and above all, the opportunity for a better life. Our work focuses on holistic support—ensuring that those in need not only receive food and shelter but also the vital resources such as education, medical care, and emotional well-being. Through our projects like rescuing senior citizens from the streets, providing education to tribal children, and organizing medical camps, we have touched the lives of over 5,000 individuals. However, our journey is far from over. We have big dreams and even bigger plans, and we aim to reach out to even more people in need. I would like to take this opportunity to express my deepest gratitude to all our volunteers, supporters, donors, and the entire community that has stood by us throughout this journey. Together, we have made a significant difference, and together, we will continue to make the world a better place for those who need it the most.

Thank you for your unwavering support, and I look forward to achieving many more milestones with all of you.

With gratitude,

Kartik Dev
